Comparative data is as of the same point.

Enrollments in classes starting after the official day of record for the Spring semester are not included.

Graduate Certificate only students are included in internal (and federal) reports as Graduate students. In state reports they are considered post baccalaureate students. In cases of reorganization at the university, the prior years' information is also listed with the current structure to allow easier and more consistent comparison across time.

<sup>1</sup> The Professional Writing degree is no longer offered; students who started in that program can decide to complete under that degree or change to the Technical Communication degree. To allow for easier comparisons, a subtotal combining both majors has been added.

<sup>2</sup> The Interdisciplinary Studies (BA) degree is being phased out, and students in this program can decide to finish it or change over to the new Education (BA) degree. To allow for more quick comparisons, a subtotal combining both majors has been added. Note: UHD uses fall numbers as OFFICIAL university figures.
